ABOUT US

Tamilnadu Advanced Technical Training Institute is a non-profit organization under the scheme of RM Educational Trust with mission of training the underprivileged students. We will train the students with the necessary skill set, and workplace etiquette depending on the industry expectations. We provide corporate survival skills such as good communication skills, interviews, onsite deployment, meetings, and much more. Our course structure includes career counseling, employability skills, entrepreneurship skills, emotional intelligence, and mind-building skills. We also offer to impart skill training based on the company standards. Our core vision is to support and enable great careers for every student. Moreover, our objective is to help the students to get 100% placement.

TATTI has taken a good initiative by offering a great platform for the students and candidates to get a good opportunity to know the companies' requirements and showcase their skills. We have made a good effort by filling the gap between company demand and candidates' skills through job fairs. We strongly rely on the responsibility of the educational institution to go beyond providing education to students to qualify them for their academics to the next level. We are committed to supporting the students in making the perfect beginning in their careers.

VISION

Our vision is to bridge a skill gap between industry and students.

MISSION

To develop and inculcate skills to students by providing various industry-oriented training at cost-effective with more valuable advantages by connecting them with industry professionals and assisting them for placement.

"TATTI has taken a good initiative by offering a great platform for the students and candidates to get a good opportunity to know the companies requirements and showcase their skills."

JOB FAIR VIDIYAL 2023

Tamilnadu Advanced Technical Training Institute (TATTI) organized a mega job fair event "VIDIYAL 2023" on 18th June, 2023 at Sethu Bhaskara Mat. Hr. Sec. School, Ambattur, Chennai. This job fair event acts as a connecting bridge between the job seekers and the employers. We invited fresher, experienced and public job seeking candidates to ample opportunities for their career upliftment. Nearly 152 companies in various sectors have been participated for their hiring needs. Overall 2,400 candidates were participated and 1,200 candidates were offered job by the participated companies. We also took an initiative for international placement for the students with the support of the Consulate General of Malaysia, Chennai. TATTI has taken a welcoming move to secure placements for the young aspirants in the top leading companies
